There's a judgment day a comin', my friend,
There's a judgment day a comin' in the end;
 Yes there's a judgment day a comin'
 and from it you can't be runnin'.
There's a judgment day a comin' in the end.

Refrain

Comin' my friend, yes, comin' my friend;
There's a judgment day a comin' in the end.

There's a judgment day you're facin', my friend,
There's a judgment day you're facin' in the end;
 Yes, there's a judgment day you're facin'
 'less in Christ your trust you're placin',
There's a judgment day a comin' in the end.

Won't you come to Jesus now, my friend,
It will be too late to trust Him in the end;
 O won't you come to Jesus now
 And before Him humbly bow?
There's a judgment day a comin' in the end.
