Who, what, why, when, where?
Who, what why, when, where?

There are so many questions, how can we really know
Just who is God, and what is man, and why we're here below?
O can we find an answer before the Judgment Day?
When will it come, where will we go, how can we find our way?

Chorus

Who, what why, when, where? Yes, we can really know
Just who is God, and what is man, and why we're here below!
Who, what, why, when, where? O yes, we really know!
Christ is the Way, the Truth, the Life, He's who, what, why, when,
where!

The Bible has the answer, Yes, we can really know:
The who is Christ, the what is Life, the why is Love, God's love!
Come as you are to Jesus, He died for you and me:
The when is now, the where is here, to live a life that's free.
